

An Exploration of Sector Specific Trends in the Labor Market

Seems Logit

Administrative listings are generally highly successful on Indeed, garnering about **165% more clicks** than the average post in a 30-day period.

Truck driver listings are less successful than other posts on Indeed, collecting about **20% fewer clicks** than average in a 30-day period.

Nursing listings are the least successful posts on Indeed, collecting about **23% fewer clicks** than average in a 30-day period.

Causal inference models tailor
the experience and help people
find **new opportunities**.
